

MEMORANDUM FOR: **THE DIRECTOR**

Attached is a proposed letter to Senator Jackson enclosing proposed outlines on the policy making machinery of Russia and Communist China. The letter suggests informal discussions with staff and Agency representatives. Also the letter acknowledges Jackson's request to you of August 5 for a meeting with you.

There is also attached an outline marked to indicate the contributions to be made by the various components. Dick Lehman was the principal contributor to the outlines and I am informed that [redacted] will coordinate the drafting of the actual reports.
